

Call-for-Papers for the 7th International Ruhr Energy Conference (INREC)

Uncertainties in Energy Markets

September 24-25, 2018, Essen, Germany

Conference objectives

This conference seizes the occasion to investigate the various sources of uncertainty and risk in the energy field along with the latest methodological developments to cope with them. Contributions from all areas of energy-related research in economics, finance, engineering, social sciences and mathematics are welcome.

Conference topics

- Energy price forecasting and modelling
- Risk measurement and management
- Energy innovations & energy markets
- Energy policies and economic impact
- Fluctuation of renewables and load flows
- Energy data and digitization
- Commodity markets and spillovers
- Stochastic processes in energy
- Financing energy infrastructure
- Regulation and regulatory risk
- Long-term vs. short-term risks
- Asset valuation
- Alternative climate policies
- Oil prices and world economy
- Energy and foreign exchange markets
- Energy market (dis-)equilibria

The conference language is English. The standard participation fee is 180€. There are reduced fees for speakers (150€) and full-time students (60€), as well as an early registration discount of 30€ for standard participants and speakers. The best paper will be awarded the [GEE Best Paper Award](#) and receive a prize of 500€.

Please use the following link www.inrec.org for registration and send your extended abstracts (300 to 500 words) to abstracts@inrec.org.
